Dear Student,

Congratulations on your acceptance as a student in the Harold B. & Dorothy A. Snyder Schools. Prior to moving into the residence hall, beginning your clinical practice, or any of our clinical affiliates, you will be required to receive medical clearance through the Solaris Employee Health/Occupational Health Office at JFK Medical Center.

Medical clearance requirements are attached and **must** be received by the Solaris EHS/OHS prior to your first clinical date or moving into the Dorm.

All in-coming clinical students will need to supply **all** of the following information:

1. A complete physical examination with medical clearance by a licensed physician or Nurse Practitioner.
2. 2 Step Mantoux tuberculin testing (PPD test). Explanation of the 2 Step Mantoux test will be found on the clearance requirements which is attached.
3. Immunization records to document 2 MMR's and 2 Varicella (chicken pox) vaccines. If this documentation is not available, lab testing of immunity will be accepted. However, we do require the actual lab report with reference ranges.
4. Proof of Hepatitis B vaccination with lab antibody report if series has been completed. If you have never received this vaccination series, it is offered at no extra cost, to students through SOLARIS EHS/OHS.
5. **All Radiography, Radiation Therapy, and Nuclear Medicine Students** are required, in addition, to submit a CBC with platelet count.
6. **All Dorm Residents** are required, in addition, to be immunized against meningococcal meningitis.

Your **completed** medical package must be **mailed** to:

JFK Occupational Health Services
65 James Street
Edison, New Jersey 08818
Attention: Kharine Reese, RN

Physical exams, vaccines, and required lab work can be performed at a fee for service through the SOLARIS Occupational Health Services by calling (732 321-7610).

Remember, you **will not** be permitted on any clinical area of the Medical Center, the Residence Hall, or any Medical Center clinical affiliates until the Health Office clears you.

If you should have any questions, please feel free to call Kharine Reese, RN at (732) 321-7610 X61773.
